## A History of Valentine's Day

Retrieved from <http://www.history.com/topics/valentines-day>

The history of Valentine's Day and the story of its patron saint is shrouded in mystery. We know that February has long been celebrated as a month of romance, and that St. Valentine's Day, as we know it today, contains vestiges of both Christian and ancient Roman tradition. But who was Saint Valentine, and how did he become associated with this ancient rite?

One legend contends that Valentine was a priest who served during the third century in Rome. When Emperor Claudius II decided that single men made better soldiers than those with wives and families, he outlawed marriage for young men. Valentine, realizing the injustice of the decree, defied Claudius and continued to perform marriages for young couples in secret. When Valentine's actions were discovered, Claudius ordered that he be put to death.

Other stories suggest that Valentine may have been killed for attempting to help Christians escape harsh Roman prisons, where they were often beaten and tortured. According to one legend, an imprisoned Valentine actually sent the first "valentine" greeting himself after he fell in love with a young girl who visited him during his confinement. Before his death, it is alleged that he wrote her a letter signed "From your Valentine," an expression that is still in use today. Although the truth behind the Valentine legend is murky, the stories all emphasize his appeal as a sympathetic, heroic and, most importantly, romantic figure. By the Middle Ages, perhaps thanks to this reputation, Valentine would become one of the most popular saints in England and France.

Valentine greetings were popular as far back as the Middle Ages, though written valentines didn't begin to appear until after 1400. The oldest known valentine still in existence today was a poem written in 1415 by Charles, Duke of Orleans, to his wife while he was imprisoned in the Tower of London following his capture at the Battle of Agincourt. In addition to the United States, Valentine's Day is celebrated in Canada, Mexico, the United Kingdom, France and Australia. In Great Britain, Valentine's Day began to be popularly celebrated around the 17th century. By the middle of the 18th, it was common for friends and lovers of all social classes to exchange small tokens of affection or handwritten notes, and by 1900 printed cards began to replace written letters due to improvements in printing technology. Ready-made cards were an easy way for people to express their emotions in a time when direct expression of one's feelings was discouraged. Cheaper postage rates also contributed to an increase in the popularity of sending Valentine's Day greetings.

Americans probably began exchanging hand-made valentines in the early 1700s. In the 1840s, Esther A. Howland began selling the first mass-produced valentines in America. Howland, known as the "Mother of the Valentine," made elaborate creations with real lace, ribbons and colorful pictures known as "scrap." Today, according to the Greeting Card Association, an estimated 1 billion Valentine's Day cards are sent each year, making Valentine's Day the second largest card-sending holiday of the year. Women purchase approximately 85 percent of all valentines.

## A note from the FGSH Assistant Director

Each semester offers a fresh start, and I wish you all the best with your academic pursuits, personal goals, and family life as you complete the Spring 2013 semester.

This semester we will again be looking at our budget needs for the coming year. We will not have a rate increase in FGSH for the 2013-2014 contract year. Please be assured we are doing our very best to control costs in order to provide you with the lowest cost possible. We wish to thank everyone that has participated in helping us control costs by keeping air conditioners/heaters running at reasonable temperatures, turning off unneeded lights, not running water unnecessarily, and all the other things that make a difference.

Please remember that starting this year all FGSH residents had to purchase parking permits. As we discussed in our community meeting in July 2012, OSU Parking and Transit services determines the cost of parking permits, and the cost of all OSU permits (including FGSH permits) will increase for the 2013-2014 school year. Please visit [parking.okstate.edu](http://parking.okstate.edu) for more information about parking permits.

As always, if you have any comments, concerns or questions about your experience in FGSH, please contact your AA, the FRC, or the FGSH office. As always, we will assist you in any way we can.
