## Natural Gas - Our New Transportation Fuel

*Article drafted by Karthikeyan Ramachandriya, PhD Candidate, Biosystems and Agricultural Engineering Department, and edited by Dr. Anand Vennavelli, Associate Research Engineer, Fractionation Research Inc., Stillwater. For questions and comments please email osu.baegsa@gmail.com. This article is a part of BAEGSA-FRC Green Student Initiative project.*

There is plentiful energy available below the ground in the form of crude oil, coal and natural gas. Our dependency on these sources of energy has been tremendous since the industrial revolution. Natural gas is one of the energy sources that drives our everyday life. Without natural gas, we cannot cook food, heat homes, heat water or dry clothes. In 2009, natural gas accounted for 23.4% of the total electricity generated in the U.S. Recently, it is being used as transportation fuels as well!

Natural gas gives off a lot of heat and light when it burns, but does not produce a lot of smoke in comparison to gasoline. That makes it a good fuel for use in the home. Today, more than half the homes in the U.S. are heated by natural gas! So, what is natural gas? It is a mixture of gases that was formed when dead tiny water creatures and swamp plants were buried deep inside the earth for over 200 million years and subjected to heat and pressure below the Earth. The main ingredient in natural gas is methane (CH<sub>4</sub>). Natural gas reserves are generally found along with oil. Natural gas reservoirs require a dense layer of impermeable rocks to prevent its leakage to the surface. These dense layers of rocks are referred as seals or gas traps. Other rocks observed in gas reservoirs are classified as source rock, responsible for the producing natural gas and permeable rock, that allows these gases to permeate and get collected under the gas trap.

So, what is crude oil? It is a yellow or black thick liquid that can be drilled out of the ground. It was formed over millions of years as the animals and plants got covered with sand and silt and were subjected to high pressure and temperature. Crude oil is also known as petroleum oil. The word “petroleum” means “rock oil” or “oil from the earth”. It contains hydrocarbons (50-97%), organic compounds (6-10%) and small amount of metals (<1%). Hydrocarbons are molecules that contain hydrogen and carbon and come in various lengths and structures, from straight chains to branching chains to rings. They contain enormous energy!

Russia, the U.S., the European Union and Canada are the leading producers of natural gas in the world. The Energy Information Administration (EIA) estimates there are 2,632 trillion cubic feet (Tcf) of technically recoverable natural gas resource in the US. This includes undiscovered, unproved and unconventional natural gas. In the US, most of the natural gas comes from Alaska, Arkansas, Louisiana, Colorado, Kansas, New Mexico, Oklahoma and Texas. Unlike crude oil that is mainly imported from the Middle East, 98% of our natural gas comes from North America.

Although natural gas is a relatively clean source of energy and abundantly available within the U.S., it is non-renewable in nature. This means that it will take another one thousand years to make newer sources of natural gas! An alternative to natural gas is biogas, a very common source of energy in Europe. Like natural gas, it is also mainly composed of methane, but can be made from agricultural materials such as manure, sewage sludge

# Family and Graduate Student Housing Office

## A note from the FGSH Assistant Director

Congratulations to all who have completed their academic tasks this Spring and good wishes to those of you continuing or beginning your academic endeavors. If you are new to OSU and the Family and Graduate Student Housing, welcome! There are few places around the world that offer the opportunity to learn about so many different cultures as we have here. Our community normally has around a 70 percent international population with about 90 countries represented at any given time. FGSH strives to provide quality, economical on-campus housing. We work very hard to provide resources that assist residents in community and academic adjustment and personal development.

As you know, the summers in Oklahoma are hot! Please keep in mind during hot weather not to over exert yourself and drink plenty of water to keep hydrated. If you keep your Venetian Blinds tilted up during the day, the heat load will be lessened in your apartment; also, if you keep your windows closed while the air conditioner is running you will have less humidity and a cooler feeling apartment—and save energy at the same time. Please note non-FGSH air conditioners are not permitted in your apartment.

Finally, I would like to remind you that several important services are available at the Family Resource Center (FRC). All keys to FGSH apartments and storage units are now at the FRC. If you are locked out of your apartment, you should come to the FRC for assistance. Also, residents in Williams 12-15, Prosser, Demaree, Stevens, & West neighborhoods can come to the FRC to sign your air conditioning contract to have air conditioning service activated. Air conditioner services will begin the same day the contract is signed for all contracts signed on weekdays before 4pm. If the air conditioning contract is signed after 4pm, the air conditioner will be connected the next working day. As the weather continues to get warmer, please plan ahead so that you can request for your air conditioner to be turned on before the weekend. Any air conditioner requests made after 5pm on weekdays or anytime on the weekend will not be turned on until the next business day. Have a great summer—we hope to see you in summer FRC programs and FGSH activities!

**Sarah Wilkey**  
FRC & FGSH Assistant Director

Family & Graduate Student Housing

Sarah Wilkey, FGSH & FRC Assistant Director, may be reached by phone at 405-744-6539 or by e-mail at sarah.wilkey@okstate.edu

Family and Graduate Student Housing  
100 Iba

*Natural Gas continued...*

and other animal, food and municipal solid waste through anaerobic digestion. This makes biogas renewable in nature. The U.S. has tremendous amounts of agricultural materials available, but biogas production is not a big focus.

Recently, many cities in the U.S., including Stillwater, have adopted natural gas fleets for public transportation. Natural gas is a good alternative to gasoline as a transportation fuel because compressed natural gas tends to corrode and wear parts of engine less rapidly than gasoline engines. The emissions from a natural gas vehicle (NGV) have lower carbon dioxide and particulate per equivalent distance traveled. While there have been challenges with building refueling infrastructures, natural gas vehicles look attractive. But, how much natural gas is left in the ground? Estimates show that we have sufficient reserves for the next 100 years at current consumption rates. So, our grandchildren may not use natural gas for heating water and cooking food! Then, why use natural gas now? Natural gas is a bridge fuel that will reduce our dependency on crude oil and help us save 350-450 billion dollars we spend importing foreign oil every year. This money can be used to develop advanced technologies within the U.S., while using the abundantly available natural gas as a transportation fuel. So, consider buying a natural gas vehicle or becoming more aware of all natural gas uses!

---

## Information Regarding Pool Days

During the summer months, the Youth & Family Programs Area hosts Pool Days during which we take children to the City of Stillwater Public Pool just east of Perkins Road on 12th Street. This summer, Pool Days will be held on Tuesdays from 1:00pm-5:30pm. Children must be able to swim if they wish to go to the pool. Those children who do not know how to swim or those who do not want to go to the pool will be able to stay at the FRC on Pool Day to participate in fun activities that have been planned for them.

The cost of admission to the pool is \$3.00 per child for each Tuesday. Please bring exact change for your child on Pool Days. Children must bring money to pay for admission if they plan to go to the pool. In addition, children must wear a bathing suit to the FRC and bring a towel with them. The FRC will provide children at the pool with a snack but they may bring extra money to purchase food items from the snack bar at the pool if they wish.

If your child does not know how to swim, you may arrange private lessons for your child if you wish as swimming lessons will not be provided for your child during this time. Also, due to liability concerns, only children ages 6-17 will be allowed to participate in swim days.

Children must follow all pool regulations in order to participate in swim days. Do not drop off children at the swimming pool if they are late to the FRC and miss the shuttle. Since we will not be able to account for extra children, we may not have enough room to bring your child back to the FRC. Please read and discuss the following topics with your children.

Swimming regulations:

- Any child or person with an open wound, lesion, or scab will not be permitted in the pool
- No rough play is allowed in or around the pool. Anyone caught participating in any rough play will be asked to leave. If your child is asked to leave, a staff member must then take your child back to the FRC and he or she will not be allowed to participate in future swim days.
- Splashing, spitting, or slapping water will not be allowed.
- Only swim suits will be allowed. If you have any questions regarding appropriate swim wear, please see the Children's Programming Staff.
- No flotation devices or diving equipment will be allowed at the pool with the exception of swimming goggles.

## The BUS--Campus and Community Transit

The BUS is the campus and community transit service operated by the Department of Parking and Transit Services at OSU. The BUS provides fixed-route transit services throughout Stillwater and the OSU campus. Two routes provide service on the main campus every 7 minutes from 6 am to 7pm and every 15 minutes after 7pm. The BUS also provides public transportation in Stillwater to all citizens from 6:30am to 7pm Monday through Friday. The BUS fares are as follows:

OSU Students, Faculty, and Staff .....Free with ID  
General Public ..... 50 cents (\$0.50)  
Child Under 5.....Free when accompanied by paying passenger  
Child/Young Adult age 5-18; Seniors age 60+ ..... 25 cents (\$0.25)  
Persons with ADA Disability Card & Persons with Medicare Card ..... 25 cents (\$0.25)  
Exact fare required; fares are for one-way trips. Return trips require additional payment.  
For route information, visit [www.transit.okstate.edu](http://www.transit.okstate.edu).

**Keep up with the FRC on Facebook! Search “OSU Family Resource Center” and like our page. Make sure to check daily to find important FGSH information and for chances to win prizes!**

# Youth & Family Programs

## Youth and Family Programs Schedule Summer 2012

*All programs will begin on Monday, June 4.*

Little Artists (ages 6-8): .....	Monday, 6-7 pm
4-H Garden Days (ages 9-17)*** .....	Monday, 7-8 pm
Toddler Time (ages 2-3) .....	Tuesday & Thursday, 9:30-11:30 am
Preschool Primetime (age 4): .....	Monday-Friday, 1-3 pm
Kindergarten Kids Club (age 5): .....	Monday-Friday, 3:30-5:30 pm
Passport to Adventure (ages 6-8): .....	Mon., Wed., Thu. & Fri., 3:30-5:30 pm Tuesday, 1-5:30 pm (Pool)
Summer Adventures (ages 9-11): .....	Mon., Wed., Thu. & Fri., 1-3 pm Tuesday, 1-5:30 pm (Pool)
Teen Club (ages 12-17): .....	Tuesday & Thursday, 6-7:30 pm Tuesday, 1-5:30 pm (Pool)
Practical Parenting (childcare provided) .....	Thursday, 11:30 am-12:30 pm
Family Story Hour (ages 0-4): .....	Friday, 10:30-11:30 am

*At this time, the Cowboy & Cowgirl 4-H Club is full for Summer 2012 programs and not accepting any new enrollees. For those children previously enrolled in 4-H Club in the Spring 2012 semester, there will be Garden Days. These days will be spent working with an adult on the 4-H Club gardens.*

## Free Family Photos!

Tuesday, June 26 from 5:30-8:30pm: Free Family Photos – Families will have the opportunity to sign up for appointments to have their photos taken. Sessions will last fifteen minutes, and the family will receive a CD with the photos taken during the appointment. Appointments will be filled on a first come, first serve basis. Appointment times will be strictly adhered to; no late arrivals will be taken. Families in FGSH may sign up for an appointment at the FRC Front Desk on Monday, June 11.

## Oklahoma City Zoo Field Trip

On Friday, June 29, all children in Passport to Adventures and Summer Adventures are invited to attend our Youth & Family Programming field trip to the Oklahoma City Zoo. Permission forms will be sent home with the children in these programs. Since all Youth & Family Staff will be attending this field trip- Family Story Hour, Preschool Primetime, and Kindergarten Kids Club will be cancelled on Friday, June 29.

## Special Programming Note

Please do not send your children to the FRC until a program is scheduled to begin. Our staff utilizes the time before programs to gather supplies and to prepare for the children to arrive and therefore, we cannot supervise children until a particular program begins at its specified time. If children do arrive early to the FRC for a scheduled program, they will be asked to wait outside until the program begins.

## Welcome our New Staff Members

The Youth & Family Programs Staff would like to welcome its newest members:

**Wyeth Leslie, an English senior**

**Rania Basyouni, an Educational Technology Masters student**

Stop by the FRC and welcome our newest staff members for the Summer 2012 semester!

Amie Allen, Youth & Family Programs Coordinator, may be reached by phone at 405-744-6539 or by e-mail at amie.allen@okstate.edu

# Community Development

## Community Development Programs Schedule for Summer 2012

Arabic Language w/ Farag & Mona**	Monday, 9:30 – 10:45am
Intermediate English with Lydia**	Monday, 11am – 12pm

## 27th Annual Iowa Triba of Oklahoma Powwow

Join the Community Development staff as Oklahoma celebrates the 27th Annual Iowa Tribe Powwow! American Indian artists and dancers will gather to celebrate the richness and diversity of their heritage with the world in Perkins, Okla. We will leave the FRC on Saturday, June 16 at 5pm sharp and return no later than 10pm. Sign-up at the FRC Front Desk by Thursday, June 14 at 5pm if you would like to participate. Seating is limited! Please bring your own lawn chair for seating and additional funds for food and souvenirs.

## Community Development Welcome Night

Come enjoy good company, refreshments and snacks as we introduce the new members of the FRC Community Development summer staff on Wednesday, June 13 from 7-8pm in the FRC Great Room. This is a great chance to ask questions, meet the new staff, and get information about all of the classes offered at the FRC this summer.

## Women's Night: "Pretty & Pampered!"

Come enjoy an evening of pampering complete with manicures, pedicures and makeup tips on Saturday, June 23 from 7-8pm in the FRC Great Room! You do not want to miss out on this special event. (This event is open to women only.)

## Welcome our New Staff Members!

The Community Development Staff would like to welcome its newest members:

- Bonny Cheng, a Teaching English as a Second Language Masters student**
- Maggie Hartung, a Teaching English as a Second Language Masters student**
- Lydia Powell, a Teaching English as a Second Language Masters student**
- Morgan Neilson, an Agricultural Communications junior**
- Ivory Lin, a Teaching English as a Second Language Ph.D. student.**

Jessica Agnew,  
Community  
Development Residence  
Director, may be
