HOUSING RATES AND REGISTRATION PORTAL

Housing Rates

Rates, under this lease, are subject to change at the direction of the Board of Regents for the Oklahoma Agricultural and Mechanical Colleges. Download the [Housing Rate Sheet \(pdf\)](#).

Registration Portal

Visit [OSU Housing Registration Portal](#) for registration, renewals and more.

Registration Fee

The primary lessee must pay a registration fee to enter a housing lease. Housing assignments are made after the registration fee has been received in full. Housing assignments are prioritized based on the date the registration fee is received.

The registration fee is \$200 for beginning contracts; there is no fee for lease renewals. As the primary lessee, you will receive a \$150 bursar credit after six months of residency has been completed.

Requesting Furnished or Unfurnished Apartments

As the primary lessee, you can indicate your preference for a furnished or unfurnished apartment as part of the housing registration process. There is also a section of additional requests where the primary lessee can indicate the size (full or twin) and quantity of beds needed. Note that there is a monthly \$10 rental fee per bed. Primary lessee can also indicate the floor preference (carpet or tile) as part of the housing registration process. Please be aware that furniture in some neighborhoods cannot be moved or customized. Additionally, there is a \$200 fee for each time the primary lessee completes a Bed Exchange Request Form. This \$200 fee applies for the installation or removal of beds. The Bed Exchange Request Form must be completed at the Family Resource Center (FRC).

Review the [FGSH Move-In Checklist \(pdf\)](#) for what to bring, what we provide and what to leave.

Lease Renewals

- Each spring semester, FGSH residents must renew their housing contracts. Housing and Residential Life sends an email to the primary lessee with information about contract renewals. It is your responsibility to renew your housing lease by May 1.
- As the primary lessee, if you have not signed a renewal contract by May 1, Housing and Residential Life may assign your apartment to another applicant.
- If you are delinquent in your FGSH rent payments or other assessed charges, you will not be eligible

to renew your contract.

BILLING AND PAYMENTS

Your OSU Bursar Account

You may view and make payments for housing charges via your OSU bursar account. Failure to make timely payments may result in the termination of your housing lease. Learn more at the [OSU Office of the Bursar](#).

Rent is charged on a semester basis for fall and spring, but you may enroll in a monthly payment plan. For the purpose of determining rental fees, one month is 30 days. Daily charges for partial monthly periods are computed on the basis of 1/30 of the monthly rate. Rent is due at the start of the semester in the amount specified in the housing lease.

If rent is not paid by September 15 and by February 15, the primary lessee is subject to a finance charge on all past due amounts. Failure to pay rent in a timely manner will be considered a breach of lease and may result in the cancellation of the housing lease.

Damages and other fines, fees and charges

- If you incur charges, including but not limited to room damages, locked-out fees and lock changes, they will be assessed to your bursar account.
- Residents are encouraged to complete a Room Occupancy Checklist (ROC) upon checking in and again upon checking out in order to verify existing conditions. Further, residents are encouraged to report damage as it occurs in order to prevent escalating damages and/or safety issues.

ELIGIBILITY FOR OCCUPANCY

OSU Affiliations

To be eligible to live in Family and Graduate Student Housing (FGSH), you must be affiliated with the OSU, which means you must be a student, faculty, staff or visiting scholar/researcher and have an OSU bursar account.

The preference for FGSB housing placement is as follows:

- Married students or single-parent families enrolled in at least 12 undergraduate credit hours, 9 graduate credit hours 6 graduate credit hours if also employed at OSU half-time or more in graduate level work during regular semesters.
- If space is available, preference for FGSB housing placement is as follows:
 - Single graduate students enrolled in the appropriate number of hours.
 - Single undergraduate students with at least a sophomore class standing and enrolled in the appropriate number of hours.
 - Single undergraduate students aged 21+ years old and enrolled in the appropriate number of hours.

Proof of Eligibility

When registering to live in FGSB, you must submit evidence of eligibility and be able to share that evidence upon request.

Loss of Eligibility

Residents who lose eligibility (are no longer enrolled or employed at OSU) must vacate their apartment within 72 hours. This includes students who withdraw from classes before the semester is officially completed.

You may stay beyond your lease time only if you receive approval from the FGSB assistant director at least a month before the end of the final month of your lease.

Relationships

FGSB residents may live with family members and/or roommates of the same gender. Primary lessees are allowed to have one non-related/non-family member roommate of the same gender. Roommates of the opposite gender are not allowed—unless the individuals are family members or married.

Proof of relationship (such as marriage license, proof of custody of children), photocopy of IDs and/or passports verification of class status or OSU employment are required at move-in. You must report changes of status (marital, dependent, academic) immediately to the Housing and Residential Life in Iba Hall.

Other Relational Situations:

- Multiple families may not live in the same apartment.
- Freshmen may live with older student-siblings in FGSB.

Resident Photos

FGSB residents (adults, children authorized pets) must have their photo taken at the [Family Resource Center \(FRC\)](#). These images are used for safety and security reasons and stored in the resident's electronic housing file. These photos are for internal use only and will not be distributed, posted or made available to the public.

Early Move-In

Residents enrolled in OSU for the first time may request to move in no more than one month before the semester in which they are enrolled begins. Requests for early move-in are allowed pending availability.

Beginning Occupancy

Acceptance or possession of the key or placement of personal property in an apartment constitutes occupancy. The FGSH lease is binding for the length of its actual space assignment and any subsequent lease for continued residence in FGSH.

Housing and Residential Life has the right to reassign the residents to any apartment unit upon 30-day notice and when the university authorities consider it to be needful and necessary. In such an event, a new agreement will be made between the parties of the housing unit into which the residents are assigned.

Conducting any kind of business in/around Housing and Residential Life properties is prohibited.

LEASE OBLIGATION

Length of Lease

The lease period ends May 31 each calendar year. Graduating residents and residents whose employment ends before May 31 will have their lease terminated as of the end of the month of graduation/employment. This means that Family and Graduate Student Housing (FGSH) residents graduating or ending work in May or December will be charged for the whole month of rent; however, they may stay in housing until December 31 or May 31, respectively. Even if you choose to leave early, you will be charged for the whole month of rent.

Visiting scholars must present documentation during the checkout process to receive pro-rated rent.

Types of Lease Agreements

Single Occupant (One Primary Lessee)

The primary lessee assumes all financial responsibilities for the apartment. The primary lessee controls the terms of occupancy and what services are to be rendered if additional costs are added to the primary lessee's account. Further, the primary lessee controls whether such service is to be continued.

Primary Lessee and Secondary Lessee Agreement

The primary lessee assumes all financial responsibilities for the apartment. The secondary lessee must meet the criteria for becoming a resident of FGSH and must abide by all the rules and regulations.

The primary lessee controls the terms of occupancy and what services may be charged to the account. The secondary lessee may not request additional services that add to the contractual costs. Regardless, the primary lessee controls whether such service is to be continued.

All arrangements between the primary lessee and secondary lessee regarding rent payment, duration of stay unofficial notices to vacate (including the secondary lessee's notice to vacate) are to be made by the primary lessee. If the primary lessee terminates the housing lease, a qualified secondary lessee may sign a new housing lease as the primary lessee resident; otherwise, the secondary lessee must vacate the premises when the primary lessee's lease is terminated.

For a primary lessee (with child/children) to add an unrelated person as a secondary lessee, they must meet with the designated FGSH administrator before entering into this agreement.

Disputes between Primary and Secondary Lessees

FGSH is not responsible for arrangements between the primary lessee and secondary lessees and will not mediate disputes related to payment of rent and notices to vacate.

Requests to Change Secondary Lessee to Primary Lessee

Only the appropriate FGSH staff member can authorize changes between a current primary lessee and a registered secondary lessee on a housing lease.

To start the process, the current primary lessee must email fgsh.cro2@okstate.edu to request an appointment to discuss changes to the lease. Housing and Residential Life reserves the right to refuse any request for a primary lessee change.

Changing the primary lessee may be considered a cancellation on behalf of the vacating primary lessee. Housing and Residential Life reserves the right to assess cancellation/termination fees to vacating primary lessees if they are leaving for any reason other than loss of eligibility to live in FGSH.

To qualify, proposed primary lessees must have lived in the apartment (for which they wish to become the primary lessee) for at least one month. Proposed primary lessees must not have delinquent rent or related charges on their bursar accounts. They must also agree to remain in FGSH for the duration of the housing contract period. If proposed primary lessees do not meet these criteria, they will not be approved to become the primary lessee.

Additional FGSH policies concerning primary lessee change requests:

- FGSH will not grant requests for primary lessee changes if the apartment has been occupied for five years or more (unless the change is being granted between spouses).
- FGSH may grant primary lessee changes for the same apartment (without it being vacated) up to three consecutive times. The fourth request will not be granted.
- For any primary lessee change, the current primary lessee and secondary lessee must meet with the designated FGSH staff together. Next, both residents attend a meeting together at the CRO or FRC to sign the appropriate papers. The new primary lessee must be aware that there is a \$200 application fee, a portion (\$50) of which is non-refundable. New primary lessee is also accepting responsibility for the apartment "as is" and will be financially responsible for all cleaning, furniture, beds, and/or damage charges (if any).

- For primary lessee changes between spouses/immediate family, a meeting with the designated FGSH staff member is not necessary.
- If a primary lessee is graduating, all paperwork for primary lessee changes must be completed by the first of the month the primary lessee graduates.
- Otherwise, all paperwork for primary lessee changes must be completed before the first of the month in which the primary lessee change is set to take place. The qualifying secondary lessee will assume responsibility for the apartment on the first day of the next month after the primary lessee change has been approved.

The following outlines the procedure for making primary lessee changes for the different types of lease arrangements:

- **For families/related occupants in a primary/secondary arrangement**
 - If the current primary lessee is no longer associated with OSU, whichever family member with an OSU affiliation must become the primary lessee.
- **For unrelated occupants in a primary/secondary arrangement**
 - The secondary lessee who is assuming the role of primary lessee must meet the criteria for becoming a FGSH resident and must have lived in the apartment for the last one month before to the primary lessee change.
 - The new primary lessee will be required to pay a housing registration fee.
 - If the new primary lessee wants a roommate to become the secondary lessee, the new roommate must meet the criteria for becoming a FGSH resident. The new roommate must sign the housing lease before moving into the apartment.
- **Secondary lessee changes**
 - When a primary lessee wishes to live with a different secondary lessee, the new secondary lessee must meet the criteria for becoming a resident of FGSH and the following procedure must be followed:
 - The former secondary lessee must sign the proper form stating that they have vacated the apartment, or they have become the primary lessee before a new secondary lessee may be added to the lease.
 - Before the new secondary lessee may move into the apartment, the primary lessee and new secondary lessee must go to the [Family Resource Center \(FRC\)](#) and add the new secondary lessee's name to the lease.

Cancellation and Termination of Lease

Cancellation Before Beginning Occupancy

Potential residents who wish to enter a housing lease will pay an initial registration fee of \$200. Residents will receive a \$150 bursar credit after six months of residency have been completed. Cancellation of the lease before occupancy begins is subject to the following conditions and deadlines.

- **Refund.** A \$150 credit/refund will be processed if written notice of cancellation is received by Housing and Residential Life within five days of paying the registration fee or before May 1 (or before January 5 for contracts commencing during the spring semester).
- **No Refund.** If written notice is not received by May 1 (January 5 for contracts commencing during the spring semester), there is no refund of the application fee. If potential residents receive a waiver for the initial application payment requirement (due to financial aid, for example), they will be charged \$200.

Cancellation After Beginning Occupancy

If residents choose to cancel their housing lease before the end of the contract period (May 31) for any reason other than losing eligibility to live in FGSH, they will lose their housing registration fee credit and will be charged a cancellation fee equivalent to two months' rent.

In addition to the cancellation fee, residents may be charged other fees assessed at checkout, including damages and improper checkout fees.

If residents vacate their apartment during a final examination week, they are responsible for completing the lease.

FGSH Initiated Termination of Lease

Housing and Residential Life may terminate a housing lease for the following reasons:

- If rent or other charges due are not paid on time.
- Resident does not comply with the university or FGSH policies and procedures.
- Resident does not meet the eligibility requirements, including status as an OSU student and/or employed by the university otherwise eligible to be an FGSH resident.
- Resident's personal information is not up to date at the Housing and Residential Life Office (100 Iba).
- Residents who have had their contract terminated due to contract or policy violations may be assessed a two-month buyout charge.
- Although in rare cases, if Housing and Residential converts the housing area to another use.

You'll also record everything damaged or needs cleaning and/or repairing. - As the primary lessee, you must sign the completed ROC and return it to the Family Resource Center (FRC) within five business days after moving in. Afterward, you will sign for a second door key and two mailbox keys. An apartment assistant will review the submitted ROC during a scheduled check-in inspection.
