Housing and Residential Life
Community Standards Handbook
2017–2018
Dear Resident,

Living on campus at Oklahoma State University is a special time in your life. For more than 100 years, OSU has been housing residents in residential communities across the campus. Thousands of students just like you have lived and studied together while developing life-long friendships and memories. Our residential communities are intended to provide you with a home away from home; a place where you can feel safe and supported while pursuing your goal of obtaining a college degree.

As a member of our community, we want to make sure you are aware of certain responsibilities. The University and Housing & Residential Life have policies in place to protect the rights of each individual student and promote a positive living-learning environment. You are responsible to know and comply with these policies, as well as report policy violations and inappropriate behavior to a staff member. Fortunately, the majority of our students already know how to conduct themselves in an appropriate and respectful manner. However, if you have concerns about the behavior of other students, the OSU Residential Life Community Standards Handbook can provide information on how to address disruptive behavior and we also have staff in your building who can assist you.

Inside the Community Standards Handbook you will not only find important policies, but information about the student conduct process, as well as information about the resources and services available to you. If at any time you have questions or concerns, you should contact the Community Mentor on your floor. This is the first point of contact within our department who can help you with your concerns and questions. You can also contact the Housing and Residential Life office at (405) 744-5592 and we will direct your call to the appropriate person who can assist you.

It is a great time to be at Oklahoma State and we are excited to have you living with us this year. Do not hesitate to contact any of our staff if we can be of any assistance.

Best of luck and Go Pokes!

Statement of Responsibility
Information provided in this handbook is for the benefit of the community and residents of Oklahoma State University Housing and Residential Life. Community members are responsible for adhering to this information and could be held accountable if individual or group actions are a detriment to the community.

The information contained in this document is the information residents need to know about living in the residence halls. Being well versed in this information will help make the living experience an educational and enriching one as well as provide the resources to be a good community member. Residents are responsible for what happens in their living unit. Students in the presence of any policy violation may be subject to disciplinary action. Any type of damage, incidental or malicious, will result in restitution of damaged property by the responsible residents.

FERPA
FERPA is the Family Educational Rights and Privacy Act of 1974. The essence of FERPA is to give a student the right to inspect his or her education records and to protect the privacy of these records. The statute applies to any educational agency or institution that receives funding under any program administered by the Secretary of Education. For more information on FERPA, visit: https://registrar.okstate.edu/FERPA.

Community Statement
The students and staff of Housing and Residential Life are a multicultural community of individuals. We are of diverse national, racial, ethnic, and socioeconomic origins.

Our community encompasses a broad spectrum of religious and political beliefs, and our sexual orientations may differ. We are unique in that we strive to work and live together. In the process, we learn from one another in an atmosphere of positive contact and mutual respect.

We are committed to behaving and expecting others to behave in ways which demonstrate our beliefs about the respectful treatment of each member of our community. We believe that we are individually and collectively responsible for our behavior and are fully accountable for our actions. We must take initiative and responsibility for our own learning and awareness of the differences which exist in our community and avoid all actions that negatively impact others. We are committed to these principles which are an integral part of our purpose, values, and daily activities.

The Department of Housing and Residential Life adheres to all Oklahoma State University policies pertaining to non-discrimination and harassment. For more information on EEO, visit: https://eeo.okstate.edu/.

Housing Contract and Assignments

Check-In
Students will be instructed what day(s) they are allowed to check-in via email or letter from the Department of Housing and Residential Life. When arriving for check-in, go to the building to check-in with the Hall Staff. After arriving at the room students will finish filling out the KeyCard form and Room Inventory. These forms verify receipt of keys, documents the condition of the room upon check-in, and gathers emergency contact information. If a student arrives before the scheduled check-in day, an improper check-in fee of $150 will be assessed in addition to the daily room rate up to the date of the appropriate move-in day. Please note that rooms may not be available, clean, or have been maintenance-checked if students arrive before their regularly scheduled move-in.

Check-Out
Once a resident has been approved to check-out of their room, residents must schedule an appointment with their CM or another CM in the building 24 hours in advance of their departure. The CM will then go to the room with the resident, assess the condition of the room, and collect the room and mailbox keys. The CM will then instruct the student on any further procedures regarding room conditions, charges, and forwarding mail. The room must be clean to the standard it was at check-in, furniture arranged as at check-in, and all personal belongings removed. A detailed assessment of cleaning and damage charges will be made by the Residential Life Facilities Office, which could result in the adjustment of estimated charges at the time of check-out. Please note that failure to obtain approved release from Housing and Residential Life contracts will result in rent charges continuing after the resident’s date of check-out, up to and including the remaining balance of their housing contract.

Residents have 90 days from the time OSU Housing and Residential Life assesses charges to contest the charges. If a resident wishes to appeal any charges, they must submit their appeal request via email to the Housing and Residential Life Office via the Petition for Adjustment of Charges form on the reslife.okstate.edu website.

It is important that residents understand the need to thoroughly clean and return all furniture to the original setup in their room/suite/apartment prior to turning in keys and vacating the unit. To avoid incurring cleaning and/or damage charges, you are encouraged to use the following checklist:
Preparations for Move-Out Inspection

1. Remove all personal items from the room/suite/apartment.
2. Remove all food and clothing items from cabinets, drawers, closets, and appliances.
3. Remove all trash from the room/suite/apartment, balcony, porch, etc. and discard in the nearest dumpster.
4. Wipe the inside of closets, dressers, cabinets, desks, etc.
5. Return furniture to the original layout by un-lofting beds, unstacking furniture, putting furniture together (i.e. closet doors on closet, mattress on bedframe, placing furniture in appropriate room or common space, etc.)
6. Clean window blinds and window sills.
7. Remove dust/cobwebs from walls and ceilings and wash walls where necessary.
8. Dust light fixtures, and replace burned out bulbs with bulbs of like-kind.
9. Clean wood trim around windows, doors and floors, including corners.
10. Vacuum all carpets, sweep and mop all hard surface floors, including corners.
11. Clean air-conditioning unit, wall vents, ceiling fans, wall and floor vents.
12. Thoroughly clean all appliances inside and out. There should be no dirt, grime, grease, or sticky-feel when properly cleaned.
13. Remove dirt, grime and soap scum from all bathroom fixtures (toilet, sink, tub/shower, medicine cabinet) and kitchen sink.

The charges assessed for damaged and/or unclean rooms/suites/apartments are expensive. So, be sure to take care of your assigned unit and make sure that it is thoroughly cleaned before turning in your keys. Once you have turned in your keys, you will not be permitted back into the room/suite/apartment. If you do not remove personal belongings, Residential Life Facilities may pack and store and/or dispose of them at resident’s expense.

Improper Check-Out: If upon check-out a resident does not clean the room to specifications, leaves the room in disorder, fails to check-out in the appropriate timeframe (see CHECK-OUT), or chooses to abandon the room (see Property Abandonment) the following charges will be assessed and charged to the bursar account of the student(s).

Community Style
(University Commons, Drummond, Wentz, Parker, Iba (closed for the 2017-18 academic year), and Stout)
- $50 minimum

Suite Style
(Village, Patchin, Jones, Zink, Allen, Booker, Stinchcomb, and Bennett)
- $75 minimum

Apartment Style
(Morsani, Smith, Bost, Young, Davis, Peterson, Friend, Kamm, and Sitlington) - $100 minimum.

Property Abandonment
Items left in the room/suite/apartment by a vacating resident will be removed at the resident’s expense. The vacating resident will be sent written or e-mail notice to the listed address and given 30 days thereafter to claim the items. If no response is received within the 30 day deadline, the University will dispose of these items by donating them to a local charity. Removal and storage fees may be charged to the resident’s bursar account.

Common Area Damage
If the members of the community and Housing and Residential Life staff are unable to determine the individual(s) responsible for damages to common areas (lounges, hallways, lobbies, building exterior, etc.), all residents in that area will be billed for common area damages for that hall. For this reason, we encourage you to report vandalism. This is one way you can reduce unnecessary costs. Residents are not permitted to remove, destroy, damage, or tamper with or remove materials posted by or property of the University, University contractors, and vendors, other residents, or their guests from their designated locations.

Transfers
Transfers may be requested starting the first day of classes in the fall semester. Transfers will be allowed from the day after Labor Day until the Tuesday before Thanksgiving in the fall semester, and the first day of spring classes until the Friday before spring break in the spring semester. Transfers will be accommodated on a first come, first served basis and may not be available immediately. Transfer fees are $50 for first transfer, $100 for the second, and $150 thereafter. Students may request a transfer by going to the Office of Housing and Residential Life (100 Iba Hall). Students requesting a transfer will be contacted in 3-5 business days regarding the status of their transfer request. Please note that residents must check in to their new room and check out of their old room within 48 hours of accepting the transfer assignment.

If this process is not completed in 48 hours duplicate room charges and improper check-out charges will occur.

NOTE – In the event of students placed in overflow housing, no transfers will be accommodated until all students housed in temporary locations are assigned to a permanent space.
Consolidation

Room Consolidation: During the semester, if a resident moves out of a double room and the remaining resident is not assigned a roommate; the remaining resident may be asked to select one of the following options:

1. Elect to pay the single room rate and retain the room privately. This option is available only when space is available. Single room rates will be calculated on the remaining pro-rated portion of the contract.
2. Choose to move into another half-filled room in the community.
3. Find another resident in a half-filled room who is willing to move into the current resident’s room.
4. Be prepared to accept a new roommate at any time by:
   • Keeping the unoccupied half of the room in such condition that would allow someone to move into the room on short notice.
   • Displaying an attitude of cooperation and acceptance toward any resident who may examine the room while considering occupancy.
   • Agreeing to accept a roommate assigned by the Office of Housing and Residential Life.

This consolidation policy does not require an individual to move out of his/her community, but rather could require residents to pay for a single room or consolidate with another individual who is living singly in a double occupancy room. If more than one resident in the same community is without a roommate, the individual who paid his or her housing contract last may be the one to move.

Room Selection/Priority Sign-up

As a returning resident, you will be able to select your on-campus housing for the next academic year during the Priority Sign-up process. It is just one of the many advantages of living on campus. This month-long process takes place early in the spring semester. You will receive more information from your CM and details will be posted at www.reslife.okstate.edu. In addition, emails will be sent to your University email address.

Move-In Process/ Checklist

Renters Insurance
Residents should consider purchasing renter’s insurance to protect their personal belongings. The University provides coverage only in limited circumstances, such as when the University is directly responsible for damages. In situations caused by inclement weather, theft, mechanical failures, or other circumstances, residents are responsible for any damages that may occur to their personal property. The University recommends discussing whether you need renter’s insurance with your insurance agent or checking with the providers of your parents'/guardians’ home
Lofts
Lofts are designed to better utilize space by raising beds above the desk or dresser. No homemade or prefabricated lofts will be allowed. Residents may utilize bed risers that are up to seven inches in height. For information on rental of Housing and Residential Life approved lofts go to: http://www.uandss.com/oklahomastate.html.

Residence Hall Policy

Alcohol and Tobacco
Alcohol and tobacco (vaping) are prohibited in all of our communities. Housing and Residential Life supports alcohol-free and tobacco-free environments to help ensure comfortable, safe, and successful communities.

In addition to the Code of Conduct (https://studentconduct.okstate.edu/code), Housing and Residential Life policy prohibits the use, consumption, possession or being under the influence of drugs.

Use of Grounds and Facilities

Building Security: For the safety of the community, residents are not permitted to prop open exterior doors or allow unauthorized access to individuals.

Roofs: Residents are not allowed on any roofs due to potential structural damage and safety concerns.

Screens: Screens are not to be removed from the window due to potential pest control issues and resident safety.

Trash: It is the responsibility of residents to keep the living space in the community clean and free from waste. Trash, food containers, and unsanitary situations can attract pests as well as create unpleasant living situations for the community. Such items should not be stored in excess within the room/unit, but taken to the designated dumpster or recycle location. Residents and their guests are required to keep trash or recyclables inside their apartments, suites, or rooms. Any trash or recyclables in the breezeway or hallway is prohibited. Trash or recyclables left in breezeways, balconies, lobbies, lounges, and outside rooms will be assessed a $25 per bag damage charge. Residents are required to transport personal trash to nearest dumpster.

The Res Life Recycles program is available for campus residences. For a complete list of acceptable items follow this link (http://www.sustainability.okstate.edu/resliferecycles/accepted-materials).

Windows/Air Vent Blockage: In Drummond, Iba (closed for the 2017-18 academic year), Parker, and Wentz Halls the windows need to remain closed and air vents unobstructed. No items should be hung outside the windows, placed on the ledges, or on balcony or patio railings.

Decorations: For the safety of the community, no live trees or live cut greenery are permitted, lighting/wiring may not stretch across doorways or across common areas, and decorative lighting must be turned off when unattended. Use of paint or material that will result in permanent changes to the room/suite/apartment or common area(s) are strictly prohibited. Decorations may not cover more than 1/3 (33%) of door and surface area, be three dimensional, nor obstruct the peep hole or the room number. Decorations deemed unsafe by Housing and Residential Life may be removed.

Postings: All posted materials require authorization from Housing and Residential Life or Campus Life prior to posting. Unauthorized postings will be removed.
Furniture: All University owned furniture is designated for use in the space to which it is assigned. The removal of furniture from its designated location is prohibited. At no time may furniture be removed from the room/suite/apt or left outside the unit on a balcony or porch. Closet door must remain attached to the closet at all times.

The Department of Housing and Residential Life strongly discourages residents from purchasing used furniture and placing it in a hall, suite, or apartment. Residents who bring to campus furniture that contains pests will bear remediation costs to rid residential space of the pests.

Lofts: No homemade or prefabricated lofts will be allowed. Residents may utilize bed risers that are up to seven inches in height. For information on rental of Housing and Residential Life approved lofts go to: http://www.uandss.com/oklahomastate.html.

Shared Living Space: Residents are not permitted to occupy or use any space in their unit to which they are not assigned. This includes vacant beds, bedrooms and/or a bathroom on an unoccupied side of room, suite, or apartment. Residents found in violation of this policy will be responsible for any and all charges necessary to return the room(s) to a move-in ready state by Residential Life standards and may be charged for occupying both spaces.

Guest Policy
The hosting of guests is a privilege and all residents of a room/apartment/suite must approve of any guests. Guests must be escorted by their host at all times. Residents are responsible for their guests and all policies must be observed. Twenty-four-hour visitation is available in all locations. Residents are welcome to have overnight guests of the same gender.

Guests are limited to three overnight visits in a semester and no more than two consecutive nights. Visits of greater than three nights, even with breaks in between or in three different residents’ rooms, are prohibited except with permission of the Assistant Residential Community Educator/Residential Community Educator. Guests may not sleep in lounges or lobbies. Infringement on the rights of roommates or of other residents is prohibited.

For the safety and security of our residents, Housing and Residential Life regulates access to residential buildings on campus. In support of privacy and the academic environment, it is important that members of the community feel comfortable with guests in their living space.

Prohibited Items & Appliances
Some appliances or furnishings have a higher likelihood of contributing to unsafe environments for community living. Housing and Residential Life regulates the use of these appliances to ensure the safety and security of the community.

Prohibited Appliances: Open fire or open-coil cooking appliances, such as electric griddles, and George Foreman Grills (except in Bost, Davis, Kamm, Peterson-Friend, Morsani-Smith, Sitlington, and Young Halls). Also prohibited are portable heaters, air conditioners, large amplifiers (public address system, oversize stereo, and musical instrument), wireless routers, and halogen lamps. Students may have one microwave oven in any residence hall room. Microwaves must be rated 900 watts or less at the highest setting. Cooking appliances may only be operated in kitchen areas. Any electrical extension cord that is used must be 14 gauge or heavier. Do not nail extension cords to walls, place them under rugs or beds, string them on pipes, etc.

Candles & Incense: Burning candles and incense, as well as kerosene lamps and other flammable liquid fueled devices, is prohibited in all University owned housing. Decorative candles must have non-burned, clipped wicks, or be wickless. The number one cause of residence hall and apartment fires is open flames. Incense, as well as being a fire hazard, can be an eye and respiratory irritant. To ensure the safety and comfort of our community, Housing and Residential Life prohibits these items.

Network Devices: In order to protect the Data Communications Network, devices other than computers, servers, and workstations, must not be plugged into any network port. This includes, but is not limited to hubs, switches, repeaters, routers, network modems and wireless access points. These devices may be incorrectly configured or incompatible with the OSU Network causing outages and reliability problems to all or part of the network.

Extension Cords: Any electrical extension cord that is used must be 14 gauge or heavier. Do not nail extension cords to walls, place them under rugs or beds, string them on pipes, etc. Periodically inspect all cords and appliances for cracks or other defects. Please be aware that over loading an electric circuit with too many appliances can cause problems.

Fireworks and Explosives: Under state and federal law, fireworks and explosives are prohibited in Housing and Residential Life buildings and on grounds.

Flammable Liquids: Flammable liquids including gasoline, propane, etc. are prohibited in Housing and Residential Life buildings and on grounds.

Hoverboards and Drones: Hoverboards (also known as self-balancing scooters) and Drones, including possession and use are prohibited in all campus housing. This applies to all residence halls and campus apartments, including Family and Graduate Student Housing.

Motor Vehicles: Motor vehicles, including recreational vehicles, are prohibited in Housing and Residential Life buildings and on grounds. These items must be kept in the parking lots.

Refrigerators: Refrigerators are permitted with a limit of 3 amps and 5 cubic feet per room. The University is not responsible for loss of items due to power outages.

Waterbeds: Waterbeds are not allowed due to the number of pounds per square foot exerted on floor structure.
**Weapons:** Possessing, using, or storing firearms, explosives (including firecrackers), weapons or dangerous chemicals on University property or in the course of any University activity, except as specifically authorized under applicable state law. This includes, but is not limited to BB guns, paintball guns, knives, swords, crossbows, handguns, shotguns and rifles. See OSU Policy and Procedures Letter 1-13.01.1 for more information.

**Compliance**

To ensure safety at all times, residents and guests need to follow the directions of University staff member and provide accurate information and identification. Interfering with staff while they are performing their duties, being uncooperative, uncivil, or verbally abusive to staff will not be tolerated.

The Department of Housing and Residential Life interprets the use of profanity, vulgar language, and derogatory comments as verbal abuse and uncivil discourse. It is expected that residents and Housing and Residential Life staff communicate with respect in all circumstances.

**Noise**

**Courtesy Hours:** 24 hours a day, 7 days a week. During courtesy hours a resident may ask another resident to reduce the noise. Noise should not be disruptively audible more than three doors down the hallway, inside and/or outside of the building.

**Quiet Hours:** Sunday through Thursday, 10pm - 8am and Friday and Saturday, 11:59pm - 10am. The Sunday before finals week, Housing & Residential Life adheres to 24 hour quiet hours for the benefit of those studying for final exams. During Quiet Hours, audible sound should not be heard beyond the boundaries of the resident’s room/unit. The 24 hour quiet hour period ends on Friday of finals week at 5pm. Residents are expected to be courteous to others in their community at all times. Compliance is necessary to ensure an environment for academic success.

**Pets and Service Animals**

Residents are not allowed to have or keep temporarily pets in any Housing & Residential Life facility except fish, small crustaceans, mollusks, water turtles, and small amphibians, all living under water and in aquariums no larger than 20 gallons in size. Extra aquariums are permitted provided the total gallon per resident does not exceed 20 gallons. Pets must remain in their aquariums at all times. Pets found to cause a community disturbance will require rectification or removal.

Unapproved pets are not allowed in any Housing & Residential Life facility due to concerns for health, safety, sanitation, noise, and humane treatment.

Unapproved pets must be removed immediately and the resident will face an immediate minimum fine of $500, with additional charges as needed to restore the unit to an occupiable state (as determined by Housing and Residential Life). OSU is not responsible for what happens to any pet when it is removed or while it is living on OSU property. OSU is also not responsible for any injuries or damages caused by any animal on campus.

Service, Emotional Support, or Assistance Animals are welcome on Housing & Residential Life grounds. All necessary paperwork, evaluation, and authorization form Student Disability Services (http://sds.okstate.edu/) must be completed prior to the animal’s arrival in the residence halls. Residents whom need accommodations for an emotional support/service animal will need to complete the agreement on the Housing and Residential Life website:

http://www.reslife.okstate.edu/esaa/index.php

**Sports in the Hall**

Dart boards, sport activities, throwing objects, roughhousing, water fights, and practical jokes are not allowed in Housing and Residential Life buildings. Riding bicycles, roller blades, and skateboarding are not allowed in the halls, common areas, breezeways, or walkways. Housing and Residential Life prohibits these behaviors due to possible damage, injury, and disruption to members of the community.

**Blue Emergency Phones**

Over sixty Blue Emergency Phones are located at various locations throughout the main campus with an additional ten in the Greek Life community. These phones provide immediate, 24-hour contact with University Police dispatch in case of an emergency.

**Severe Weather**

In the event of severe weather residents should stay tuned to a local radio station or any TV station for the latest report on conditions. Please follow these instructions:

- When the sirens sound you are to take cover. Immediately proceed to a room without windows - a community lounge, community bathroom, or personal bathroom on the lowest floor possible.
- When assembled in an area of refuge area, sit on the floor with your back to the wall or in a central portion of the room. Stay away from windows and doors. If a storm strikes, you should duck your head between your knees and cover the back of your head with your hands for protection.
- Weather sirens are tested on the first Tuesday of every month at 11am, weather permitting.
- Residents should be aware of their surroundings, including weather conditions. Four campus tornado sirens will sound a 3 to 5 minute blast when there is a tornado warning. There is no all-clear signal broadcast via sirens. A second blast indicates a second or repeated warning.
- If you need assistance or accommodation, please contact the OSU Police at 744-6523.

Severe Weather Refuge Procedures
- Residents are responsible for finding an area of refuge in the event of a tornado.
- Stay away from glass. Avoid being in areas with windows or exterior walls, such as the Kerr-Drummond Mezzanine.
- Get as low as possible in the lowest level inside the building you are in ("area of refuge"). A basement generally offers the best protection. Otherwise, go into an interior room or hallway at the lowest possible floor.
- Put as many walls between you and the outside as possible.
- Get under a piece of sturdy furniture, such as a table or desk and hold onto it.

If possible avoid large open rooms.
- Crouch as low as possible to the floor, facing down, and cover your head with your hands.
- Even in an interior room, you should cover yourself with some sort of thick padding (mattress, blankets, pillows) to protect against falling debris and flying objects in case the roof and ceiling fail.
- Stay in the area of refuge, location until advised that it is safe to return to work, study, or residence hall room area. Listen for "all clear" (tornado/severe weather has passed) message via local media.
- If you are in Bennett, Iba (closed for the 2017-18 academic year), Parker, Stout, or Wentz Halls, go to basement areas.

Community Style Halls – University Commons, Drummond, Iba (closed for the 2017-18 academic year), Parker, Stout, and Wentz Halls
- Do not stay in your room. Instead, move to the lowest level possible in the building.
- Then find a windowless floor lounge or bathroom and close the doors.
- If there is not enough room in the lounge, close the room doors and begin to line the interior hallways.
- Stay close to the walls furthest from the buildings’ exteriors.
- Crouch as low as possible to the floor, facing down, and cover your head with your hands.

Suites – Allen, Bennett, Booker, Jones, Patchin, Stinchcomb, Village, and Zink Halls
- Move to an interior hallway (i.e. one as far as possible from windows). Make sure that all room doors are closed. If leaving your room is not possible, move into your unit’s bathroom. Note: Take something to cover yourself with to serve as protection from shattered glass.
- Crouch as low as possible to the floor, facing down, and cover your head with your hands. A blanket, jacket, etc. is preferable for head-covering, but your hands will suffice.

Apartments – Family and Graduate Student Housing, Bost, Davis, Friend, Kamm, Morsani, Peterson, Smith, and Young Halls
- Do not leave your apartment. This is risky; however, as you expose yourself both to the dangerous weather and the possibility of not being able to get into a lower apartment.
- Once in an apartment, move into the bathroom, or space permitting, the laundry room.
- Crouch as low as possible to the floor, facing down, and cover your head with your hands. A blanket, jacket, etc. is preferable for head-covering, but your hands will suffice.

Outside
- Seek an area of refuge in the closest building.
- If entering a building is not possible, seek an area of refuge in a ditch or otherwise low-lying area.
- Stay away from anything that may fall and cause harm (i.e. trees, power lines, etc.).

Fire Safety

Fire Drills: For the protection and safety of our community, announced and unannounced fire drills will be held at the direction of the OSU Fire Marshall during the academic year. To become familiar with evacuation routes, cooperation is mandatory. Anytime the alarm sounds residents are to leave the building. Participation in fire evacuations is required by state law.

Fire Alarm Instructions
- In inclement weather, wear a coat and shoes
and carry a towel.
- Close windows and leave lights on in room. Take room key.
- Leave door closed and walk to exit. If smoke is encountered, stay low for air.
- Do not use an elevator.
- Physical assistance for evacuation: Call OSU Police at 744-6523 or 911.
- If unable to leave room, place a towel under the door if smoke is either seen or smelled.
- Hang a towel out of the window, indicating to a person below that a person is in that room.
- Await assistance in the room or area of refuge.

Smoke Detector & Sprinkler System
Each residence hall room is equipped with a smoke detector. Smoke detectors in rooms are inspected regularly by Environmental Health and Safety.

Sprinkler systems have been installed for added safety in all residence facilities. To make the sprinkler system as effective as possible:
- Sprinklers must never be painted;
- Nothing may be hung from the sprinkler piping or sprinkler heads;
- Sprinkler heads may never be obstructed or altered;
- Nothing may be stored within 18 inches from the sprinkler head;
- Frisbees, footballs, baseballs, etc., are not to be thrown in rooms, hallways, or other public areas.
- Report any damages to the sprinkler system to the service desk immediately.

By a mandate of the State Fire Marshal, an action plan has been adopted by OSU and Housing and Residential Life. Regulations are in effect regarding tampering with any fire safety equipment. This includes, but is not limited to propping of fire resistant doors; and tampering with (includes covering) smoke detectors, sprinkler heads, fire alarms, and fire extinguishers. Activation of fire alarms in non-emergency situations is prohibited (e.g. cooking, vapes, pull stations, etc...). The first offense of tampering or activation will result in the student(s) being assessed a fine of $500 (if the room is double occupancy, then each student will be assessed $250). The student(s) will also be placed on Housing and Residential Life Probation, and receive an educational sanction. On the second offense, a $500 fine will be assessed ($500 to each resident if double occupancy); the student(s) will be removed from Residential Life housing, and the contract(s) must be paid in full; an incident report will be forwarded to OSU Police Department and Environmental Health and Safety for a code violation ticket (potential fine of $5,000 and one year imprisonment); and student(s) will be referred to the Student Conduct Education and Administration Office.

If at any time the smoke detector starts beeping periodically, it may mean that the battery is low. If this happens, please call the Residential Life Facilities Office at 744-8510, and they will send someone to replace the battery. Please do not replace the battery yourself.

Syringe & Other Sharps Disposal
To ensure the safety of all residents as well as Housing & Residential Life and Facilities staff, all students who use injected medication (such as insulin) or who test their blood, must dispose of sharps (hypodermic syringes, needles and/or lancets) responsibly.

Sharps should be placed in a sharps container or in a thick plastic bottle that can be tightly capped (like a Gatorade bottle). Once full, seal with heavy tape and place in the trash so anyone handling the container knows it contains sharps and should not be recycled. Do not place the container with recycling. Never dispose of loose sharps and don’t keep sharps containers where children can reach them.

Personal & Property Safety
OSU boasts one of the safest campuses in the Big 12. OSU takes each student’s safety very seriously, and provides blue emergency phones across campus. Community Mentor are on duty from 5:00pm to 8:00am daily during the week and 24 hours a day on weekend and during University holidays and closings. We also have one of the fastest response times of any police department.

One of the most important factors in providing a safe environment is personal prevention. Students should lock their room/unit doors at all times, including when at home and when leaving the room, even if it is just to walk down the hall for a minute or two. Always remember to be aware of your surroundings. The University is not responsible for any damage or loss of personal property due to facility failure, severe weather, theft, or other incidents and it is recommended that residents carry personal property insurance.

When the building doors are locked, do not let anyone have access to the building by holding open the door or propping the door open. Many halls offer 24-hour desk services and restricted access communities to provide additional supervision. Student IDs are needed to gain entrance to building doors when they are locked.

Bed Bugs
Bed bugs have seen a resurgence in the last few years. They are commonly found throughout the globe in residence halls, motels, movie theaters, offices, and private housing. OSU has been extremely proactive in its treatment program,
• To provide maintenance and/or repair work
  To determine compliance with all relevant health and safety regulations. At least each semester, Housing and Residential Life staff will inspect rooms for health and safety concerns. When possible, notification of the inspections will be posted at least twenty-four (24) hours prior to the inspection.
• In the event there is reason to believe that the premises are being used for an illegal purpose or a purpose that violates health or safety regulations or interferes with normal University operations.

Law enforcement officials may enter, search and seize evidence in accordance with applicable law.

Confiscation
Housing & Residential Life staff may confiscate items that are deemed illegal, in violation of Housing & Residential Life or Oklahoma State University policy or deemed unsafe. In instances when Housing & Residential Life has confiscated an item, a notice will be left in the room in question and the residents of that room should expect to receive further notification from their Assistant Residential Community Educator (A-RCE)/Residential Community Educator (RCE) about conduct follow-up.

Solicitation
Housing and Residential Life prohibits unauthorized solicitation in the halls due to concerns over the comfort and safety of the residents. Solicitation occurs when those not authorized by Housing and Residential Life initiate contact with students without their permission to discuss, sell, survey, or distribute goods, services, or information. Individuals, organizations, or groups wishing to solicit within the residence halls should contact the Brumley Residential Life Office at 405-744-8509.

OSU Police Department
The OSU campus is protected by a campus police agency consisting of 33 sworn officers, 12 support persons, and 21 student employees. The agency is operated and available 24 hours a day, 365 days a year. Authority of the sworn officers is derived from state statutes, which allow for full police powers on OSU property. In addition, by agreement with the City of Stillwater, campus police and city police enjoy an excellent working relationship. All campus police officers undergo an extensive selection process and meet state mandated training requirements.

Residential Curriculum

The Residential Experience
The Residential Experience is designed to intentionally
engages residents in their community and helps students be successful by learning to be socially and academically responsible. The Residential Experience is a purposeful timeline focusing on intentional interactions using the Six Pillars of Student Success as its handbook. Each of the six pillars are explained below:

**Academic Excellence:** Education is an unending process of developing intellectual capacities which can be used and enjoyed for a lifetime. At OSU, students will not only learn the content of their chosen field of study, but also have the opportunity to master the tools of scholarship and the skills that support them, such as learning how to study, time management, discovery, research and rational debate.

**Leadership:** At OSU, students will lay the foundation for life as ethical and informed leaders in their professions, families and communities. Preparation for ethical leadership in an increasingly complex, global society requires problem-solving, communication and teamwork skills, and creativity. OSU boasts scores of developmental leadership opportunities including seminars, speakers, involvement in teams, clubs and organizations, student employment and for-credit leadership coursework.

**Service-Learning and Civic Engagement:** Service-learning and civic engagement are done to make a difference in the lives of our communities. Whether through individual volunteerism, student organization service or political action, Student Affairs promotes involvement in making a positive impact on the people and causes students care about.

**Finding Your Purpose:** At OSU, we can help you discover your purpose and passions. Your success will be greatly enhanced by selecting a major (primary area of study) and minor, (secondary area of study), consistent with your interests and abilities. This discovery can be enhanced by the use of interest inventories, exposure to work through part-time employment, volunteer work, service-learning and civic engagement, academically related clubs and organizations, and other experiences.

**Broadening Your Horizons:** The university experience allows students to learn about and appreciate various elements of diversity in the world community. Developing cultural competency through interaction with diverse people, gaining new perspectives with exposure to art and culture, and learning about varied world views through study away experiences are all paths to understanding how to live and work in a diverse society.

**Wellness:** Wellness is a process of making positive choices in a variety of aspects of life, including psychological, spiritual, career, financial and physical health. Students are encouraged to learn how to create a life that maximizes one’s wellness potential by integrating the various dimensions of wellness.

### Getting Involved and Leadership

Getting involved in leadership within Housing & Residential Life is easy and fun. Between individual Community Council, Residence Hall Association, and National Residence Hall Honorary there is great opportunity to learn and develop valuable skills that carry with you throughout life. Oklahoma State University is affiliated with the National Association of College and University Residence Halls Incorporated (NACURH, Inc.) which is the largest student run organization in the world.

### Community Council

The individual Community Council provides an excellent opportunity to be an impactful leader in the community residents directly live in. Each Residence Halls has its own Community Council which is responsible for the programming and community standards within its halls. Community Councils are allotted a budget to use for programs and purchasing food for events. Working with the individual Community Council is an excellent opportunity to represent peers to the leadership of the halls and help improve the environment of the community.

### Residence Hall Association (RHA)

The Residence Hall Association is an excellent opportunity to step into a position where residents represent more than just their hall, but all of the residence halls on campus. The Residence Hall Association operates with an annual budget of approximately $130,000 and is 100% student run. The RHA is comprised of representatives from each Community Council and executive officers. Executive officers include the President, Director of Programming, Director of Internal Affairs, Director of External Affairs, and Director of Administration and Finance. Getting involved in the Residence Hall Association is an opportunity to attend leadership conferences, recommend new policies, and make an impactful difference on the campus community as a whole. NOTICE OF NONDISCRIMINATION

Oklahoma State University, in compliance with Title VI and VII of the Civil Rights Act of 1964, Executive Order 11246 as amended, and Title IX of the Education Amendments of 1972 (Higher Education Act), the Americans with Disabilities Act of 1990, and other federal and state laws and regulations, does not discriminate on the basis of race, color, national origin, genetic information, sex, age, sexual orientation, gender identity, religion, disability, or status as a veteran, in any of its policies, practices or procedures. This provision includes, but is not limited to admissions, employment, financial aid, and educational services. The Director of Equal Opportunity, 408 Whitehurst, OSU, Stillwater, OK 74078-1035; Phone 405-744-5371; email: eeo@okstate.edu has been designated to handle inquiries regarding non-discrimination policies: Any person (student, faculty, or staff) who believes that discriminatory practices have been engaged in based on gender may discuss his or her concerns and file informal or formal complaints of possible violations of Title IX with OSU’s Title IX Coordinator 405-744-9154.

In accordance with the Department of Education and Department of Justice, OSU Housing and Residential Life’s Housing and Overnight Accommodations are as follows: Title IX allows a school to provide separate housing on the basis of sex. But a school must allow transgender students to access housing consistent with their gender identity and may not require transgender students to stay in single-occupancy accommodations or to disclose personal information when not required of other students. Nothing in Title IX prohibits a school from honoring a student’s voluntary request for single-occupancy accommodations if it so chooses. If you need special accommodation, please contact Office of Multicultural Affairs at 405-744-5481.

Residents who are required to register their name and home address with any local or state law enforcement agency as a result of a criminal offense are required to disclose this information in writing to the Director of Housing and Residential Life, prior to checking-in to their assignments for review.
