Dear Student,

Living on campus at Oklahoma State University is a special time in your life. For more than 100 years, OSU has been housing residents in residential communities across the campus. Thousands of students just like you have lived and studied together while developing life-long friendships and memories. Our residential communities are intended to provide you with a home away from home; a place where you can feel safe and supported while pursuing your goal of obtaining a college degree.

As a member of our community, we want to make sure you are aware of certain responsibilities. The University and the Residence Life have policies in place to protect the rights of each individual student and promote a positive living-learning environment. You are responsible to know and comply with these policies, as well as report policy violations and inappropriate behavior to a staff member. Fortunately, the majority of our students already know how to conduct themselves in an appropriate and respectful manner. However, if you have concerns about the behavior of others students, the OSU Residential Life Handbook can provide information on how to address disruptive behavior and we also have staff in your building who can assist you.

Inside the Handbook you will not only find important policies, but information about the student conduct process, as well as information about the resources and services available to you. If at any time you have questions or concerns, you should contact the Resident Assistant on your floor. This is the first point of contact within our department who can help you with your concerns and questions. You can also contact the Housing and Residential Life office at (405) 744-5592 and we will direct your call to the appropriate person who can assist you.

It is a great time to be at Oklahoma State and we are excited to have you living with us this year. Do not hesitate to contact any of our staff if we can be of any assistance.

Best of luck and Go Pokes!

ACADEMICS IN OUR COMMUNITY

Faculty Associate (FA)
A Faculty Associate is an OSU faculty member who acts as a liaison between the residence halls and academia. FAs offer advice, advising, program support, tutoring, and mentorship outside of the academic program. Residents may invite FAs to meals, intramural games, or off campus excursions.

Living-Learning Communities
Housing and Residential Life is proud to offer many learning communities and special interest housing options on campus. These communities provide a great opportunity for residents to live with others who share their interests and who they may also take classes with, and benefit from shared experiences. Contact the main Housing Office with any questions about learning communities.

Six Pillars
The six pillars represent critical competencies of a successful college experience, career and life. Oklahoma State University encourages students to maximize their opportunities for growth while in college - both in and out of the classroom - and across numerous dimensions. Below is a brief description of each pillar.

Academic Excellence: Knowledge is a limitless and unending process to develop intellectual capacities which can be enjoyed for a lifetime. At OSU, students will learn content in their chosen field and will also have an opportunity to master the broader tools of scholarship, the habits of attention and concentration, the ability to follow arguments and engage in rational debate, and the ability to participate in intellectual exchange. At OSU, students are invited to exercise academic excellence through undergraduate research, service-learning, engagement in specialized coursework, and a host of other opportunities.

Leadership: At OSU, students will lay the foundation for life as ethical and informed leaders in their profession, family, and community. Preparation for a role in an increasingly complex, globalized, and diverse 21st century society requires creativity, problem solving, the ability to collaborate with peers, develop wisdom, communication skills, vision and values. OSU boasts scores of developmental leadership opportunities in clubs, sports, student organizations, student employment, and for-credit leadership coursework.

Service and Civic Engagement: As a land grant institution, service to others is the very essence of our university’s ethos. This mission is reflected in OSU’s designation as a Carnegie commission civically engaged campus. Students are often profoundly impacted by taking advantage of service-learning courses and volunteer opportunities both on and off campus. OSU hosts campus-wide community service events each year and our students annually log thousands of hours of volunteer service helping non-profit agencies in Stillwater and members of the community at large. Civic engagement can involve voting, political activism, hearing major public figures speak, and joining conversations about state and national issues. Students can keep track of service and leadership experience throughout their academic career. Many graduate programs and employers look for such experience in addition to discipline-based knowledge.

Finding Your Purpose: What are you passionate about? Your success will be greatly enhanced by finding a major (primary area of study), minor (secondary area of study) and co-curricular activities that you find challenging and compliment your interests and abilities. Part-time employment and internships can help you figure out whether you might enjoy a given career field. OSU’s vast array of curricular and co-curricular offerings will help you discover your purpose and passions. If you do not know what you want to do with your life, you are not alone, and we can help!

Broadening Your Horizons: The university environment encourages students to examine diversity through language, art, music, and human interaction. OSU is committed to significantly increasing the number of students participating in short and long-term international and study abroad experiences. The ability to live and work with people with different ideas and experiences enhances employment in all fields.

Wellness: The concept of wellness encompasses physical health, mental health and safety. Wellness is not just the absence of disease. OSU wants to be the healthiest campus in America and to that end offers state-of-the-art recreation and wellness facilities to get you - and keep you in great shape. OSU offers a state-of-the-art recreation facility, a nationally accredited student health center, and a wide array of health education classes, huge intramural team sports and outdoor adventure programs. Our counseling staff can help with stress management, roommate and relationship issues, study strategies and career decision making. OSU recognizes that safety is everyone’s responsibility.

Safety and Security

Residents are not permitted to lend or give their room/suite/apartment key(s) to anyone nor are they permitted to use the room/suite/apartment key(s) of another student. To control inventory of the keys, duplication of University keys is prohibited.

University students are assigned an OSU identification (ID) card. When living in University housing, student ID cards are encoded with the ability to grant access to doors designated with card readers. The student ID card will only function for the assigned community of residence. For the safety of our community, lending and giving ID cards to another person is prohibited. If an ID card is lost, contact ID services and notify Housing and Residential Life after receiving a new card.

Blue Emergency Phones
Over sixty Blue Emergency Phones are located at various locations throughout the main campus with an additional ten in the Greek Life community. These phones provide immediate, 24-hour contact with University Police dispatch in case of an emergency.

Severe Weather
In the event of severe weather residents should stay tuned to a local radio station or any TV station for the latest report on conditions. Please follow these instructions:

- When the sirens sound you are to take cover, immediately proceed to a room without windows - a community lounge, community bathroom, or personal bathroom.
- When assembled in a shelter area, sit on the floor with your back to the wall or in a central portion of the room. Stay away from windows and doors. If a storm strikes, you should duck your head between your knees and cover the back of your head with your hands for protection.
- Weather sirens are tested on the first Tuesday of every month at 11am, weather permitting.
- Residents should be aware of their surroundings, including weather conditions. Four campus tornado sirens will sound a 3 to 5 minute blast when there is a tornado warning. There is no all-clear signal broadcast via sirens. A second blast indicates a second or repeated warning.
- If you need assistance or accommodation, please contact the OSU Police at 744-6523.

Shelter Procedures
- Residents are responsible for finding shelter in the event of a tornado.
- Stay away from glass. Avoid being in areas with windows or exterior walls, such as the Kerr-Drummond Mezzanine.
- Get as low as possible. Shelter at the lowest level possible inside the building you are in (“safe area”). A basement generally offers the best protection. Otherwise, go into an interior room or hallway at the lowest possible floor.
• Put as many walls between you and the outside as possible.
• Get under a piece of sturdy furniture, such as a table or desk and hold onto it.
• If possible avoid large open rooms.
• Crouch as low as possible to the floor, facing down, and cover your head with your hands.
• Even in an interior room, you should cover yourself with some sort of thick padding (mattress, blankets, pillows) to protect against falling debris and flying objects in case the roof and ceiling fail.
• Stay in the “safe area” location until advised that it is safe to return to work, study, or residence hall room area. Listen for “all clear” (tornado/severe weather has passed) message via local media.
• If you are in Bennett, Iba, Parker, Stout, or Wentz Halls, go to basement areas.

Community Style Halls – Drummond, Iba, Parker, Stout, and Wentz Halls
• Do not stay in your room. Instead, move to the lowest level possible in the building.
• Then find a windowless floor lounge or bathroom and close the doors.
• If there is not enough room in the lounge, close the room doors and begin to line the interior hallways.
• Stay close to the walls furthest from the buildings’ exteriors.
• Crouch as low as possible to the floor, facing down, and cover your head with your hands.

Suites – Allen, Bennett, Booker, Jones, Patchin, Stinchcomb, Village, and Zink Halls
• Move to an interior hallway (i.e. one as far as possible from windows). Make sure that all room doors are closed. If leaving your room is not possible, move into your unit’s bathroom. Note: Take something to cover yourself with to serve as protection from shattered glass.
• Crouch as low as possible to the floor, facing down, and cover your head with your hands. A blanket, jacket, etc. is preferable for head-covering, but your hands will suffice.

Apartments – Family and Graduate Student Housing, Bost, Davis, Friend, Kamm, Morsani, Peterson, Smith, and Young Halls
• Do not leave your apartment. This is risky, however, as you expose yourself both to the dangerous weather and the possibility of not being able to get into a lower apartment.
• Once in an apartment, move into the bathroom, or space permitting, the laundry room.

• Crouch as low as possible to the floor, facing down, and cover your head with your hands. A blanket, jacket, etc. is preferable for head-covering, but your hands will suffice.

Outside
• Seek shelter in the closest building.
• If entering a building is not possible, seek shelter in a ditch or otherwise low-lying area.
• Stay away from anything that may fall and cause harm (i.e. trees, power lines, etc.).

Fire Safety
Fire Drills: For the protection and safety of our community, announced and unannounced fire drills will be held at the direction of the OSU Fire Marshall during the academic year. To Become familiar with evacuation routes, cooperation is mandatory. Anytime the alarm sounds residents are to leave the building. Participation in fire evacuations are required by state law.

Fire Alarm Instructions
• In inclement weather, wear a coat and shoes and carry a towel.
• Close windows and leave lights on in room. Take room key.
• Leave door closed and walk to exit. If smoke is encountered, stay low for air.
• Do not use an elevator.
• Physical assistance for evacuation: - Call OSU Police at 744-6523 or 911.
• If unable to leave room, place a towel under the door if smoke is either seen or smelled.
• Hang a towel out of the window, indicating to a person below that a person is in that room.
• Await assistance in the room or area of refuge.

Smoke Detector & Sprinkler System Each residence hall room is equipped with a smoke detector. Smoke detectors in rooms are inspected regularly by Environmental Health and Safety.

Sprinkler systems have been installed for added safety in all residence facilities. To make the sprinkler system as effective as possible:
• Sprinklers must never be painted;
• Nothing may be hung from the sprinkler piping or sprinkler heads;
• Sprinkler heads may never be obstructed or altered;
• Nothing may be stored within 18 inches from the sprinkler head;
• Frisbees, footballs, baseballs, etc., are not to be thrown in rooms, hallways, or other public areas.
• Report any damages to the sprinkler system to the front desk immediately.
By a mandate of the State Fire Marshal, an action plan has been adopted by OSU and Housing and Residential Life. Regulations are in effect regarding tampering with any fire safety equipment. This includes, but is not limited to smoke detectors, sprinkler heads, fire alarms, and fire extinguishers. Activation of fire alarms in non-emergency situations are prohibited (e.g., cooking, vapes, pull stations, etc.). The first offense of tampering or activation will result in the student(s) being assessed a fine of $500 (if the room is double occupancy, then each student will be assessed $250). The student(s) will also be placed on Housing and Residential Life Probation, and receive an educational sanction. On the second offense, a $500 fine will be assessed ($500 to each resident if double occupancy); the student(s) will be removed from Residential Life housing, and the contract(s) must be paid in full; an incident report will be forwarded to OSU Police Department and Environmental Health and Safety for a code violation ticket (potential fine of $5,000 and one year imprisonment); and student(s) will be referred to the Student Conduct Education and Administration Office.

If at any time the smoke detector starts beeping periodically, it may mean that the battery is low. If this happens, please call the Residential Life Facilities Office at 744-8510, and they will send someone to replace the battery. Please do not replace the battery yourself.

Personal & Property Safety
OSU boasts one of the safest campuses in the Big 12. OSU takes each student's safety very seriously, and provides blue emergency phones across campus. Resident Advisors are on duty from 5:00pm to 8:00am daily during the week and 24 hours a day on weekends and during University holidays and closings. We also have one of the fastest response times of any police department.

One of the most important factors in providing a safe environment is personal prevention. Students should lock their room/unit doors at all times, including when at home and when leaving the room, even if it is just to walk down the hall for a minute or two. Always remember to be aware of your surroundings. The University cannot be responsible for any damage or loss of personal property due to facility failure, severe weather, theft, or other incidents and it is recommended that residents carry personal property insurance.

When the building doors are locked, do not let anyone have access to the building by holding open the door or propping the door open. Many halls offer 24-hour desk services and restricted access communities to provide additional supervision. Student IDs are needed to gain entrance to building doors when they are locked.

Students propping locked doors or allowing access to non-residents of the building are endangering the community. If doors are found unlocked, doors which are locked at the wrong hours, suspicious behavior, maintenance problems, or other safety hazards, residents should notify the desk student staff and/or Residential Life building staff immediately.

Room Entry/Room Search
OSU recognizes and respects residents’ desire for privacy and will make efforts to ensure and protect residents’ privacy rights. However, OSU reserves the right to enter any part of the University premises, with or without notice, at any time for reasonable institutional purposes. Such purposes include, but are not limited to, the following:
• To provide cleaning and/or pest control
• To conduct an inventory of University property
• To silence unattended loud alarms, stereos, radios, phones or other noise-producing devices
• To address emergency situations
• To search for missing University property
• To provide maintenance and/or repair work
• To determine compliance with all relevant health and safety regulations

At least each semester, Housing and Residential Life staff will inspect rooms for health and safety concerns. When possible, notification of the inspections will be posted at least twenty-four (24) hours prior to the inspection. In the event there is reason to believe that the premises are being used for an illegal purpose or a purpose that violates health or safety regulations or interferes with normal University operations.

Law enforcement officials may enter, search and seize evidence in accordance with applicable law.

Confiscation
Housing & Residential Life staff may confiscate items that are deemed illegal, in violation of Housing & Residential Life or Oklahoma State University policy or deemed unsafe. In instances when Housing & Residential Life has confiscated an item, a notice will be left in the room in question and the residents of that room should expect to receive further notification from their Housing Coordinator/Residence Director about conduct follow-up.

Solicitation
Housing and Residential Life prohibits unauthorized solicitation in the halls due to concerns over the comfort and safety of the residents. Solicitation occurs when those not authorized by Housing and Residential Life initiate contact with students without their permission to discuss, sell, survey, or distribute goods, services, or information. Individuals, organizations, or groups wishing to solicit within the residence halls should contact the appropriate Assistant Director for further details.
Getting Involved and Leadership

Getting involved in leadership within Housing & Residential Life is easy and fun. Between individual Community Council, Residence Hall Association, and National Residence Hall Honorary there is great opportunity to learn and develop valuable skills that carry with you throughout life. Oklahoma State University is affiliated with the National Association of College and University Residence Halls Incorporated (NACURH, Inc.) which is the largest student run organization in the world.

Community Council
The individual Community Council provide an excellent opportunity to be an impactful leader in the community residents directly live in. Each Residence Hall has its own Community Council which is responsible for the programming and community standards within its halls. Community Council are allotted a budget to use for programs and purchasing food for events. Working with the individual Community Council is an excellent opportunity to represent peers to the leadership of the halls and help improve the environment of the community.

Residence Hall Association (RHA) The Residence Hall Association is an excellent opportunity to step into a position where residents represent more than just their hall, but all of the residence halls on campus. The Residence Hall Association operates with an annual budget of approximately $130,000 and is 100% student run. The RHA is comprised of representatives from each community council and executive officers. Executive officers include the President, Director of Programming, Director of Internal Affairs, Director of External Affairs, and Director of Administration and Finance. Getting involved in the Residence Hall Association is an opportunity to attend leadership conferences, recommend new policies, and make an impactful difference on the campus community as a whole. For more information, please check the RHA website at www.osurha.org.

Lofts are designed to better utilize space by raising beds above the desk or dresser. Lofts must be constructed so that they are not permanently attached (free standing), utilize the floor for support, allow 36 inches of clearance from the ceiling to the top of the loft, and do not cause damage to the room. Wood lofts must be made from fireproof wood. Lofts must be inspected by hall staff after they are built. For information on rental of Housing and Residential Life approved lofts go to: http://www.uandss.com/oklahomastate.html

Starting the 2016-2017 contract, the use of lofts will no longer be permitted in any of our communities unless rented from University Student Services. No homemade or prefabricated lofts will be allowed.

Housing Contract and Assignments

Check-In

Students will be instructed what day(s) they are allowed to check-in via email or letter from the Department of Housing and Residential Life. When arriving for check-in, go to the building to check-in with the Hall Staff. After arriving at the room students will finish filling out the Key Card form and Room Inventory. These forms verify reception of keys, documents the condition of the room upon check-in, and gathers emergency contact information. If a student arrives before the scheduled check-in day, an improper check-in fee of $150 will be assessed in addition to the daily room rate up to the date of the appropriate move-in day. Please note that rooms may not be available, clean, or have been maintenance-checked if students arrive before their regularly scheduled move-in.

Check-Out

Once a resident has been approved to check-out of their room, residents must schedule an appointment with their RA or another RA in the building 24 hours in advance of their departure. The RA will then go to the room with the resident, assess the condition of the room, and collect the room and mailbox keys. The RA will then instruct the student on any further procedures regarding room conditions, charges, and forwarding mail. The room must be clean to the standard it was at check-in, furniture arranged as at check-in, and all personal belongings removed. A detailed assessment of cleaning and damage charges will be made by the Residential Life Facilities Office, which could result in the adjustment of estimated charges at the time of check-out. Please note that failure to obtain approved release from Housing and Residential Life contracts will result in rent charges continuing after the resident’s date of check-out, up to and including the remaining balance of their housing contract. Residents have 90 days from the time OSU Housing and Residential Life assesses charges to contest the charges. If a resident wishes to appeal any charges, they must submit their appeal request via email to the Housing and Residential Life Office via the Petition of Adjustment of Charges form on the reslife.okstate.edu website.

It is important that residents understand the need to thoroughly clean and return all furniture to the original setup in their room/suite/apartment prior to turning in keys and vacating the unit. To avoid incurring cleaning and/or damage charges, you are encouraged to use the following checklist:
Preparations for Move-Out Inspection

1. Remove all personal items from the room/suite/apartment.
2. Remove all food and clothing items from cabinets, drawers, closets, and appliances.
3. Remove all trash from the room/suite/apartment, balcony, porch, etc. and discard in the nearest dumpster.
4. Wipe the inside of closets, dressers, cabinets, desks, etc.
5. Return furniture to the original layout by un-lofting beds, unstacking furniture, putting furniture together (i.e. closet doors on closet, mattress on bedframe, placing furniture in appropriate room or common space, etc.)
6. Clean window blinds and window sills.
7. Remove dust/cobwebs from walls and ceilings and wash walls where necessary.
8. Dust light fixtures, and replace burned out bulbs with bulbs of like-kin.
9. Clean wood trim around windows, doors and floors, including corners.
10. Vacuum all carpets, sweep and mop all hard surface floors, including corners.
11. Clean air-conditioning unit, wall vents, ceiling fans, wall and floor vents.
12. Thoroughly clean all appliances inside and out. There should be no dirt, grime, grease, or sticky-feel when properly cleaned.
13. Remove dirt, grime and soap scum from all bathroom fixtures (toilet, sink, tub/shower, medicine cabinet) and kitchen sink.

The charges assessed for damaged and/or unclean rooms/suites/apartments are expensive. So, be sure to take care of your assigned unit and make sure that it is thoroughly cleaned before turning in your keys. Once you have turned in your keys, you will not be permitted back into the room/suite/apartment. If you do not remove personal belongings, Residential Life Facilities may pack and store and/or dispose of them at resident’s expense.

Improper Check-Out: If upon check-out a resident does not clean the room to specifications, leaves the room in disorder, fails to check-out in the appropriate timeframe (see CHECK-OUT), or chooses to abandon the room (see Property Abandonment) the following charges will be assessed and charged to the bursar of the student(s).

Community Style
(commons, Drummond, Wentz, Parker, Iba, and Stout)
- $50 minimum

Suite Style
(Village, Patchin, Jones, Zink, Allen, Booker, Stinchcomb, and Bennett)
- $50 minimum

Apartment Style
(Morsani, Smith, Bost, Young, Davis, Peterson, Friend, Kamm, and Sitlington) - $100 minimum.

Property Abandonment
Items left in the room/suite/apartment by a vacating resident will be removed at the resident’s expense. The vacating resident will be sent written and e-mail notice to the listed address and given 30 days thereafter to claim the items. If no response is received within the day deadline, the University will dispose of these items in accordance with the applicable University policy. Removal and storage fees may be charged to the resident’s bursar account.

Common Area Damage
If the members of the community and Housing and Residential Life staff are unable to determine the individual(s) responsible for damages to common areas (lounges, hallways, lobbies, building exterior, etc.), all residents in that area will be billed for common area damages for that hall. For this reason, we encourage you to report vandalism. This is one way you can reduce unnecessary costs.

Transfers
Transfers may be requested starting the first day of classes in the fall semester. Transfers will be allowed from the day after Labor Day until the Tuesday before Thanksgiving in the fall semester, and the first day of spring classes until the Friday before spring break in the spring semester. Transfers will be accommodated on a first come, first served basis and may not be available immediately. Transfer fees are $50 for first transfer, $100 for the second, and $150 thereafter. Students can request a transfer by contacting their RD/HC and filing out the Transfer Request Form. Students requesting a transfer will be contacted in 3-5 business days regarding the status of their transfer request. Please note that residents must check in to their new room and check out of their old room within 48 hours of accepting the transfer assignment.
If this process is not completed in 48 hours duplicate room charges and improper check-out charges will occur.

NOTE – In the event of students placed in overflow housing, no transfers will be accommodated until all students housed in temporary locations are assigned to a permanent space.

Consolidation

Room Consolidation: During the semester, if a resident moves out of a double room and the remaining resident is not assigned a roommate; the remaining resident may be asked to select one of the following options:
1. Elect to pay the single room rate and retain the room privately. This option is available only when space is available. Single room rates will be calculated on the remaining pro-rated portion of the contract.
2. Choose to move into another half-filled room in the community.
3. Find another resident in a half-filled room who is willing to move into the current resident’s room.
4. Be prepared to accept a new roommate at any time by:
   • Keeping the unoccupied half of the room in such condition that would allow someone to move into the room on short notice.
   • Displaying an attitude of cooperation and acceptance toward any resident who may examine the room while considering occupancy.
   • Agreeing to accept a roommate assigned by the Residence Director or Housing Coordinator.

This consolidation policy does not require an individual to move out of his/her community, but rather could require residents to pay for a single room or consolidate with another individual who is living singly in a double occupancy room. If more than one resident on the same community is without a roommate, the individual who paid his or her housing contract last may be the one to move.

Room Selection/Priority Sign-up

As a returning resident, you will be able to select your on campus housing for the next academic year during the Priority Sign-up process. It is just one of the many advantages of living on campus. This month-long process takes place early in the spring semester. You will receive more information from your RA and details will be posted at www.reslife.okstate.edu. In addition, emails will be sent to your University email address.
